BUILDING A CHRIST-CENTERED, HIGH-TRUST TEAM

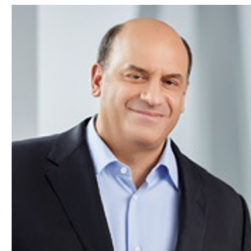

This webinar will help strengthen your ability to lead as a Christ-Centered leader who acts with the principles of servant leadership to build high-performing teams at all levels of parish work. Leaders do this by first having a strong commitment to building a culture of trust. A culture of trust that builds Christian character, embraces self-humility but not meekness, grows competency in what we do in our parishes, as well as increasing our ability to relate to each other in a stronger, loving way. In addition, the webinar will also share some other core areas of culture building that align with and are built on a culture of trust. We hope you will join us as we learn these critical skills and apply them to our own journey as Orthodox Christians.
